MAD BULL SCARE—A mad bull created some little excitement out the Benton road near the Marshall county line a day or two ago, according to reports brought to the city. It appears the animal was being driven here when it decided to return to Marshall county, and started back the road. It attacked everything on the road track, tossing the wagon bed of one farmer, who took a shot at it as it approached, high into the air. It attempted to gore two wood sawyers and paralytically stunned itself against a tree, and finally, after being shot about twenty times, died.

MORE GOOD HOMES

MOTHER AT THE POOR FARM SEPARATED FROM HER CHILD.

Henry Hawkins, aged 3 years, the son of Isaac Hawkins of the Maxon Mills section, and John Wood, aged 9 years, were taken to the Children's Home at Louisville today at noon by Mr. J. W. Gardner, one of the Home officials.

The Hawkins child's father has been serving a term in the county jail for carrying concealed weapons and the mother of the Wood boy has been ill at the county poor farm. Her name is Edna Wood and she came here from Illinois. She did not want to part with the child and had to be guarded to be kept from the train when the child was taken. This makes a total of four children taken from this county since the first of the year.

LIKE A DERRICK.

PURE FOOD LIFTS THE SICK UP.

Only those who have experienced the delicious feeling of returning health and vigor can properly appreciate the value of pure food. When the improper food is left off and scientific food such as Grape-Nuts is used in its place one begins to feel the glow of returning health. It feels as though some powerful derrick was lifting one up into the realms of sunshine once more.

"Some time ago I was taken sick and got so very low that I thought at times I would never be able to get out again," writes a business man of Wilmington, Del. "One day my wife saw an article in the paper about Grape-Nuts and read it to me. I was so impressed that I asked her to get some. How thankful I am that I did so. I was at that time reduced to a shadow of 75 pounds, but the first week's use of Grape-Nuts brought me to my feet so that I could stand alone. By the second week I could walk out, to the great surprise of all, and now I can get out to my business without any trouble and I have made the phenomenal gain up to 160 pounds."

"Improper food nearly killed me, but when I left it off and used Grape-Nuts it did not take long to put me back in health." Name furnished by Postum Co., Battle Creek, Mich. "Feed right, feel right" is a true axiom. Remember Grape-Nuts food is for athletes, as well as the sick.
